

Whiting DoorAdjuster

Premium Dual Spring Balancers

World Class Quality
Made in the USA.

Tension Adjustment Made Safe & Easy with Whiting

Product Features

Allows for easy tightening of spring tension as needed over life of your roll-up door

Our spring loaded gear mechanism is designed to rotate safely in only one direction when charging door balancer

Easing of spring tension is made possible and safer with the slotted locking trigger

Whiting's DoorAdjuster is designed to work with two-spring balancers equipped with either round or squared center shaft

Retrofit option for existing door systems

For complete balancer with winder replacement call Whiting

Retrofit Kit Options
